Technical Specifications

Kofax Export Connector for Database copies document images, OCR Full Text files and Kofax PDF documents to permanent storage and writes data from Kofax TotalAgility into the Database.

The technical specifications in this document are specific to Kofax Export Connector 1.1.0 for Database.

To support your export connector product, verify that the requirements listed in this document are met, including the amount of memory and disk space. These requirements apply specifically to Kofax Export Connector 1.1.0 for Database and do not include any amount of memory or disk space required for the operating system, environment, or other software that may be running on the same server or workstation.

i This export connector is not compatible with Kofax Capture or Kofax Express as the binaries are already integrated directly into both products.
